(previously known as RESPICON 2025)

Hosted by

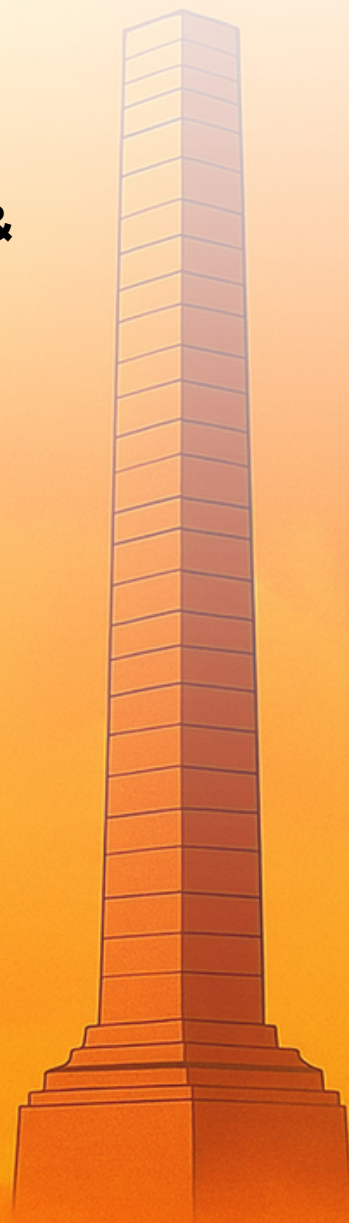

**IAP National Respiratory Chapter &
Academy of Paediatrics, Nagpur**

21, 22 & 23 November 2025

Hotel Centre Point, Nagpur

Theme : Breathing Better Future

Welcome Message

Dear IAP Colleague,

It is our proud privilege to welcome you to *PedDPULMOCON 25*, the Annual Academic Festival of IAP National Respiratory Chapter. *PedDPULMOCON* are known to present latest and cutting edge scientific information by the best brains in the subject at National and International level.

Keeping up with this tradition, organising committee has prepared a scientific programme which would cater to the need of wide spectrum of delegates from postgraduate student to hard core pediatric pulmonologists. A galaxy of speakers from India and abroad have been invited who would deliberate over 3 days and enrich you with their academic prowess. A string of workshops have been planned which would sharpen your skills in pulmonology. Young post graduate researchers would be provided platform to present their research work in form of oral and poster presentation, with prizes for best work.

On behalf of organising committee, we invite you to be a part of academic extravaganza and also enjoy the hospitality which is the trademark of people of orange city.

Best wishes

Abstract Calling

● GUIDELINES FOR SUBMISSION OF PAPER FOR AWARD

IAP NRC - PedDPULMOCON 2025 is proud to announce Award for original research paper in the field of Pediatric Pulmonology. Three selected award papers and Eighteen selected Free Papers will be presented in the main scientific halls and the remaining papers can be presented as E-posters. The award papers will be given First, Second, and a Consolation prize.

The Award category is as follows:

IAPNRC RESEARCH AWARD FOR YOUNG PEDIATRICIANS

Eligibility

- Students and Pediatric residents (within 2 years of finishing their residency)

Rules for submission

- A structured ABSTRACT with the following subheadings
 1. Background
 2. Objectives
 3. Methods
 4. Results
 5. Conclusion
- Word count of abstract should not exceed 300 words
- Abstract should not contain any tables, graphs, images or illustrations
- Four authors (Presenter+3 co-authors) are allowed per paper. Clearly identify the person who will present the paper (who will be the lead author and contact person by default) and the said person has to be a registered delegate at the Conference

Process of award paper presentation

- The paper submitted for the Awards will be judged by a panel of judges nominated by RESPICON scientific committee.
- The paper selected for Award will be presented at the conference and 7 minutes will be given to each presenter
- The judges reserve the right to disallow the presentation of the award paper if any technical lapse in the concerned paper is brought to their notice at any time before presentation. The decision of the panel of judges will be final and binding on all concerned.
- The research work on which the paper for award is presented must be the original and direct work undertaken by the main author (principal investigator). If at a later date it is detected that the work was not done by the person himself or herself, stringent action will be taken by the Executive Board which can include withdrawal of such an award with public intimation.

Abstract Calling

We also invite submission of Abstracts in following categories from young Pediatric Pulmonology researchers:

- Free Paper Category
- E- Poster category

This year we give you the opportunity to submit your scientific work under the following categories

About Host City

Nagpur, popularly known as the 'Orange City', is one of the fastest growing metropolis and the third largest city after Mumbai and Pune in Maharashtra. The city is located on the eastern part of the state and is the geographical 'center' of India. Nagpur also has a rich history which can be traced back to 8th century BC. Present city Nagpur is originally established by tribal King of Gond dynasty. Also known as "The Tiger Capital" of the state India, the city has completed 300 years of establishment in the year 2002. The city is also counted amongst the most secure cities of the country; and hence, India's majority gold asset is kept in Nagpur's Branch of Reserve Bank of India. As far as roads, railways and air- flights are concerned, the city is well connected and well served to all the major cities of India. Since ages, it has been a city of cultural and political importance. It is worth mentioning that the MIHAN is the biggest project of its type concerning economic investments.

Interestingly, MIHAN has a Maintenance, Repair and Overhaul facility constructed by Boeing and it is the second such facility in the world after Shanghai.

Nagpur is a hub of different activities such as IT and Technical hubs, different occupations, educational centers, Government establishments and various acclamatory buildings and associations. Nagpur is a culturally rich Indian city with an agglomeration of people from different castes and creed. The city holds a number of events and festivals that interests all the inhabitants of the city, and everyone participates joyously. Religious occasions are watched in the city all around the year.

A night photograph of the Nagpur Cable Bridge, a large white cable-stayed bridge with multiple tall pylons and numerous stay cables. The bridge is illuminated, and its reflection is visible in the water below. In the foreground, a black rectangular sign with the word 'नागपुर' (Nagpur) in white Devanagari script is hanging from a pole. The background is dark, suggesting a night scene.
